PROGRAM TOTAL		60	

Academic Pathway at MDC: The four-year baccalaureate degree in Exceptional Student Education is designed to prepare students to become teachers and pass state professional certification exams. An internship in a school setting is required to provide practical experience. The completer will earn a professional teaching certificate in Exceptional Student Education with endorsements in ESOL and Reading. The program requires 12 credits of education prerequisites, and all education courses require a grade of "C" or better. To learn more about program courses, see the [College Catalog](#).
